6th INTERNATIONAL CONFERENCE ON MARITIME EDUCATION

MAY 28, 2024 | Metropolitan College | Athens, Greece

THE CONFERENCE

The Aspects and Challenges of Sustainability in Shipping

This year's conference theme will be **"The Aspects and Challenges of Sustainability in Shipping"**.

This conference aims to bring together shipping executives, policy makers, academics and students, and generate discussion over the current challenges on effectively incorporating sustainability strategies in the various aspects of shipping operations. Moreover, we expect that the conference will create new learning and networking opportunities for all participants.
